Phil DeVol is an international consultant who has been working with aha! Process since 1997. He used aha! Process concepts to make institutional changes at the addiction treatment center where he was the executive director for 19 years. During this time he also co-wrote *Bridges Out of Poverty* with Ruby Payne and Terie Dreussi-Smith. His book *Getting Ahead in a Just-Gettin’-by-World* is being used to engage people in poverty in the work of building communities where everyone can live well. Phil works with community leaders to help them move quickly from an attraction to application of Bridges concepts. *Getting Ahead and Bridges* are being used in hundreds of communities in the U.S., as well as a number sites in Canada, Australia, Ireland, Scotland, Slovakia, and the Czech Republic.
